Exercises

All exercises will be using the dvdstore database. DALs are already created, except for the Customer Search, where you will fill in the data access methods.
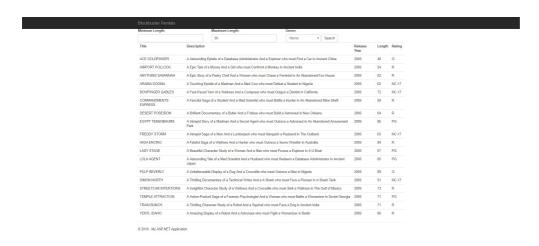

Actor Search

Given a search string, display all the actors whose last_name contains that search string. Display should show first_name and last_name.

Film Search

Given a minimum length, maximum length and genre, display a list of movies that match the search. Minimum and Maximum length could both be blank. Display should show title, description, release_year, length and rating.
